Bonita & Bonnet

Product family design by Mats Broberg & Johan Ridderstråle

Bonita & Bonnet product family consists of furniture ideal for public spaces but also private homes. The round shapes and timeless design fit perfectly in many types of interiors and function well in different settings.

Bonnet Dining – Lauritzon Milla 637

Bonita

Bonita is a well proportioned chair with an excellent seating comfort for a conference room or a café. A beautiful setting can be created with Bonita chairs around a round table.

Swivelling in its place, Bonita is a good choice for narrow spaces, as one can sit and leave without moving the chair. After use, the rotation mechanism turns the chair automatically back to the right direction.

Bonnet Dining

Due to its size and design, Bonnet Dining is a perfect chair for dining areas at home and in restaurants. The armrest is sloped, allowing the chair to be placed partially under a table.

Bonnet Dining can also be used as a petite armchair, or as a chair for lounge areas and conference rooms.

Bonnet Bar is a stool with a sturdy backrest and great seating comfort. Two height options serve in different settings: the lower chair is a match for kitchen islands, and the higher chair for traditional bar counters.

Bonnet 186 sofa

Bonnet sofa is an excellent fit for both private homes and public spaces. Its fixed shapes contrast with the soft fluffy shapes of the back cushions, giving the sofa a casual yet elegant touch.

The body of the sofa rests on a frame with thin tubular legs that give Bonnet a neat and delicate appearance.
