

MOOD

The soft, lifelike surface of the hand tufted Mood rugs is created by a novel combination of loops and pile. The mix of wool and linen and the harmonic colours give the rug a distinct vividness and character.

MATERIAL

80% wool, 20% linen, backing polypropelene
lint height 16 / 10mm

Tolerance of measurements all carpets +/- 5%

MAINTENANCE

Vacuum the carpet weekly with a brush nozzle

When the carpet is new, fibre may arise from the carpet on the surface. These can be vacuumed off.

Regular vacuuming prevents dirt from getting stuck

Do not beat the carpet, but hang it to ventilate if necessary

CLEANING

Remove the stains immediately.

Liquids should be absorbed, for example, in a towel. Do not rub.

Dry stains can be removed from the carpet, for example, with a tip of a blade. Be careful not to damage the carpet's surface.

The carpet can be washed only by a professional carpet cleaner with a pressure washer.

Do not soak

No tumble drying

No water wash

No dry cleaning
