Tao

Design Jukka Setälä

You cannot sit on a cloud, but the closest you can get is sitting on Tao chair. Plump and soft parts of the seat, resting on top of the airy frame offer a calm and relaxing sitting position. The soft and lightweight ottoman completes the feeling of floating in the sky.

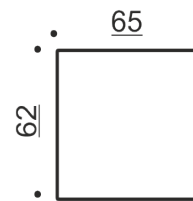

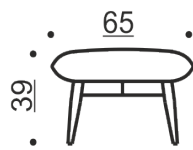

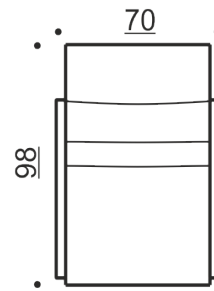

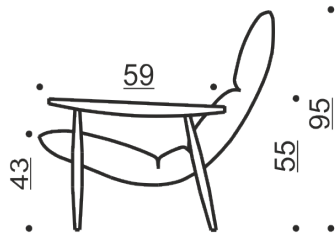

Hardwood frame is a natural element in an interior. Its streamlined shapes with the softly inviting seat create a harmonious mix of contrasting elements.

Tao chair & ottoman – Verso 006 – oak natural

Front and back cover photos: Tao chair & ottoman – Verso 001 – oak natural

Measurements

All measurements +/- 3 cm
